Title:	Presentation: Showcase of approaches in remote teaching
Date:	2020
Type:	Presentation
Author(s)/ Presenter(s):	Natalie Clausen-Meyers, Linda Bowers, Jodell Skaufel, Vibhuti Jansari, John Pirog, Christopher Major, Jessica Hoernemann, David Farrar
Abstract (or Book Review):	Remote learning, which involves students and faculty not being physically present in a traditional classroom, has become more common since the pandemic. Techniques used in remote settings include organizing Moodle pages, implementing asynchronous learning, and facilitating synchronous engagement.
