Venue:	Northwestern Health Sciences University Homecoming, February 2023
Title:	Presentation: Adjustive procedures of the spine, hips, and shoulders
Date:	2023
Type:	Presentation
Author(s)/ Presenter(s):	Christie Weibel-Maanum, Brad Finer, Daniel Heim, Zach Zachman, Don Eggebrecht
Abstract (or Book Review):	A brief review of the anatomy and structure of the areas of adjustive demonstration, identifying patient presentation/conditions common for the adjustive treatment being used, and a demonstration of diversified adjustive techniques in the shoulder, hip, and lumbar spine.
